

TABLE 1: CORRIDOR ABBREVIATIONS

| Corridor                 | Abbreviation |
|--------------------------|--------------|
| Badger State             | BS           |
| Capitol                  | CAP          |
| Chippewa Valley          | CV           |
| Cornish Heritage         | CH           |
| Coulee Country           | CC           |
| Fox Valley               | FV           |
| Glacial Plains           | GP           |
| Hiawatha                 | HIA          |
| Peace Memorial           | PM           |
| South Central Connection | SCC          |
| Southern Tier            | ST           |
| Titletown                | TT           |
| Wild Goose               | WG           |
| Wisconsin River          | WR           |

TABLE 2: FIIPS REPORT COLUMN HEADINGS

| Heading  | Explanation                                                                                   |
|----------|-----------------------------------------------------------------------------------------------|
| REGION   | WisDOT region project is located                                                              |
| HWY      | Roadway that the project will occur                                                           |
| CORRIDOR | Name of corridor that the project is located;<br>use Table 1 if multiple corridors are listed |
| COUNTY   | County the project is located                                                                 |
| TITLE    | Title of highway improvement project                                                          |
| PROJ_ID  | WisDOT project ID                                                                             |
| SCHD_DT  | Date of Project LET                                                                           |
| LIMIT    | Approximate termini of project                                                                |
| CNCP_CD  | Type of highway improvement project                                                           |
| CPNT_AMT | Estimated cost of project                                                                     |
